Look for
FSC[®] Certified
Products

Expanding our line of environmentally friendly reconstituted wood products, we are pleased to introduce

EchoWood® PFP

PREFINISHED PANELS

CONSISTENT 2-SIDED UV FINISH

- Consistent cabinet to cabinet, project-to-project
- A perfect finish every time
- Multiple fabricators can supply the identical look for large scale installations

CONTEMPORARY EUROPEAN MATTE FINISH

- 15° sheen

ACCELERATED FABRICATION TIMES

- Eliminates the need for composing and laying-up the veneers
- Eliminates the need for a finishing line
- Reduces labor and handling time resulting in improved throughput and a quicker turn-around

ENVIRONMENTALLY SOUND FINISH

- High quality, environmentally friendly UV cured enamel that contains no VHAPS (Volatile Hazardous Air Pollutants) and is extremely low in VOC's

PANEL SIZES

- 1/4" - 4' x 8' or 4' x 10' 2-sided on MDF core
 - 3/4" - 4' x 8' or 4' x 10' 2-sided on MDF core
- Made to order: 25 sheet minimum, 3-4 week lead time

EDGE-TAPE

- Prefinished Echo Wood veneer edge-tape
- ABS edge-tape available
